The Last Supper

DA VINCI

(The Renaissance)

This picture has spatial division because all of the ideas in the base of the picture are going to Jesus in the middle. It is religious because it is about Jesus and how long with his people. Made artwork life-like by spatial division.

All of the human emotions on their faces with represents humanism and subjects and emotions and how in realistic setting. New artist focuses for realistic features.

All of the figures are balanced composition with depth, light, shadow and perspective. Anatomy because human body used more realistic people. New artist formula for more realistic features.

It is a piece of the Renaissance because they celebrate classic antiquity and humanism. It is the importance of being human rather than divine and... It has 3D figures and... composition with light and shadow plus perspective. has classical culture because Renaissance painters depicted the human body and...
